

## **Biomedicum Helsinki Seminars with Student Lunch**

Time and place: Seminars are on Mondays at noon, Biomedicum Helsinki, Lecture Hall 1.

Credits: 1 ECTS credit = 10 attended lectures during the semester, additional 2 lectures = 0.2 ECTS credits more (20 attended lectures= 2 ECTS credits)

Please remember to sign the booklet located on the front desk of the lecture hall during seminars in order to get the credits.

### **Student lunch**

Student lunch is organized by the student host following the seminar at the Meeting Room 4 (P Floor).

*Description:* Following the Biomedicum Helsinki Seminars DPBM can fund a lunch for the speaker and 6-10 students. One student acts as a host (see "Student host" below). The aim is to give the students an opportunity to interact with the speaker in an informal setting. Therefore these lunches are not organized for speakers affiliated on the Meilahti Campus. The students should be prepared to give a max 1-minute presentation of their research interests (and/or technologies) and also to have at least one question for the guest (e.g. the questions your boss never answers). But this is just in case: the format of the discussion is open and up to the students. The student lunches are primarily targeted for students, but also postdocs are welcome to contact the student host. The PI host does not attend this lunch.

*Student host:* One of the students has been preselected by the host of the speaker to act as the student host. The student host will be announced in the seminar ads. He/she gathers the bunch of interested participants both by being contacted and through active recruitment. Mailing list [meilahti-gradstudents@helsinki.fi](mailto:meilahti-gradstudents@helsinki.fi) reaching graduate students on Meilahti Campus may be used. The student host confirms the number of participants to the caterer as early as possible but **latest by previous Wednesday**: [ravioli.catering@hus.fi](mailto:ravioli.catering@hus.fi), phone 471 71812. The menu of the lunch is the same as the light lunch of the Biomedicum cafeteria lunch menu. The student host makes sure the speaker finds his/her way to the Meeting Room 4 and runs the show from there on.

If due to a symposium the schedule of the speaker makes it impossible to have a student lunch after the seminar, other time and type of gathering can be set up. Format of this is up to the student host. In this case the student host contacts Päivi Hirvelä (phone 191 40290 / 050 318 9287, [paivi.hirvela@helsinki.fi](mailto:paivi.hirvela@helsinki.fi)) and cancels the reservation of the Meeting Room 4 and makes other necessary reservations.

After the lunch, the student host e-mails the list of participants to [dpbm-office@helsinki.fi](mailto:dpbm-office@helsinki.fi).
